Town Library.

The number of books loaned from the library from Feb. 22, 1894, to Mar. 1. 1895, is 4,958. The Encyclopedia Britannica has been added to the library the past year. Friends have given seventeen volumes and about fifty new ones have been purchased. The great need of the library is a permanent and convenient home. It is constantly increasing in value and should be placed in quarters as nearly fireproof as possible. A suitable building large enough to contain reading and reference

rooms, with accommodation for the town officers, would be a great addition to the town and an incentive to study and good reading.

Board of Education.

DISTRICT NO. 5.

The following report of the schools under our supervision is respectfully submitted:

The same teachers have been employed as last year. Whole number of pupils registered in the Primary school 61. Average attendance 40. Wages of teacher, $8 per week.

Number registered in the Intermediate department, 64. Average attendance, 40. Wages of teacher, $8 per week.

Whole number in the Grammar school, 43. Average attendance, 23. Wages of teacher, $9 per week.

The High school department registers 25. Average attendance, 20. Wages of teacher, $55 per month. Length of school in each department, 31 weeks.

We are happy to report that a very commendable degree of progress has been made inall the departments.

The study of music, which was introduced last year, has been very successful, and we think, appreciated by parents and scholars.

While we do not claim that our schools are all they ought to be, we think the pupil who takes the prescribed course of study , though no further advantages be given him, will have obtained a fair business education.

It is greatly to be regretted that so few get no farther than the Grammar School.

When will parents learn that the best legacy to their children is a good education?

M. A. Norris, Sec. Board of Education.

Report of School Board.

Citizens of Town School District:—

In submitting the annual report of your committee we would say that this has been a harmonious and successful year. No serious complaints have been made of the teachers employed, and there has been marked progress in the several schools as a whole

A suitable building for a graded school is very much needed at Meredith Centre.

There should be repairs made on several of the school buildings, in fact the out buildings in many cases are a disgrace to the district.

School No. 2. Length of school in weeks 20. Whole number of pupils 7. Average daily attendance 6. Taught by Marion Leavitt. Wages per week $6. Number of visitors 28.

School No. 3. Length of school in weeks 20. Whole number of pupils 6. Average daily attendance 5. Taught by Lula M.Knowles. Wages per week $6.00. Number of visitors 10.
